# FIAMMASTORE

Holidays are more fun...  
...with Fiamma awnings

## The favourite awning with its Italian Design

You can trust Fiamma, the inventors of case awnings for RV's! With a Fiamma awning you can double the living space of your vehicle in less than one minute and enjoy a cool and covered open space. Ideal also in case of light rain with a rafter tube to allow for open windows and air circulation in your vehicle. Also, wet gear can be taken off before entering the vehicle, leaving you with less to clean up. Our awnings combine state of the art technology with original Italian Design for an elegant, durable and affordable awning.

**The exclusive features from Fiamma**  
**The Fiamma Awning is built using the latest technology,**  
**in our ISO 9001 certified factory, in Cardano al Campo, Italy**

### ITALIAN DESIGN

A team of expert designers and engineers study and develop the range of Fiamma products working together to ensure the highest level of innovation combined with the most elegant Italian Design.

### UPGRADING QUALITY TESTING

During the planning phase, the Fiamma team creates new accessories and evolves products whilst always focusing on the compatibility of the existing range to allow for an even greater flexibility and ease of use.

## SAFETY

Fiamma manufactures the only awning with a silent opening thanks to the German TÜV certified Auto-Lock® self-locking winch safety system. With its exclusive Syncro long life Aluminium mechanical parts it offers you a quality product vastly superior to other comparable noisy hook release mechanisms on the market.

### AUTO-LOCK®

### DUAL SECURITY®

The security of Fiamma awnings is also guaranteed by the Dual Security® system. It is a device that indicates the correct closure of the front bar of the case by two small plastic flags inside the side end caps.

### SECURE LOCK®

The telescopic system of the legs with manual locking allows the regulation of the lead bar height. With this system, the universal height regulation allows you to set the awning at the most comfortable height for your needs.

## COMFORT

### SUPPORT ARMS

The Fiamma Awnings have a dual fixing possibility for its incorporated legs:  
Wall: the legs are fixed with standard delivered Wall Bracket Kit.  
Ground: the legs can be fixed with the standard delivered Pegs.

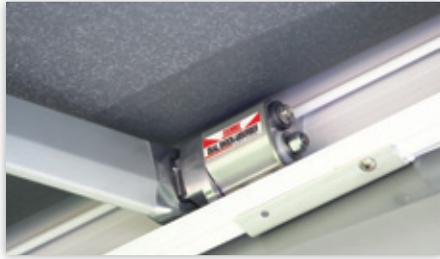

## The exclusive features from Fiamma

### EXTRA-STRONG ARMS

Highly resistant reinforced articulated arms with a strong 3,5 mm cable wire. They are proof tested to more than 10.000 cycles of opening and closure and can maintain a steady fabric tension up to 32 Kg.

## QUALITY

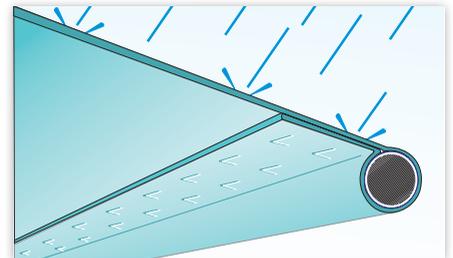

### DUAL SHOCK-ABSORBER®

Only Fiamma Awnings have the Dual Shock-Absorber®. It is a special bracket that protects both the awning and your vehicle. The fixing of the arms with double bolts system, certified **Double Block®**, grants more stability and ease of regulation.

## INNOVATION

### TOP QUALITY FULL COLOUR AWNING FABRIC

All Fiamma Awning fabrics are printed on the whole extension in 6 vibrant colours and are sealed for a high resistance to water: there are no seams on the fabric which might weaken the fabric and allow the water to pass through. Each canopy is carefully checked during the production stage to ensure the best quality for you.

### PRESTO FIX®

The Fiamma Awning is the only awning with a new patented adjusting system that enables you to gauge the closing of the front bar. If over a period of time, one side should stop closing perfectly due to fabric and arm movements, you can use PRESTO FIX to realign the closing of the front bar.

### PRIVACY® ROOM

Fiamma provides you with the most complete range of Privacy Rooms, a collection of front and side panels adjustable to Fiamma awnings that allow you to enclose your outdoor space. You may also choose from a large range of light inexpensive front Blockers and Side panels that can be joined together and that are available both in durable vinyl and translucent Sun View material.

## ACCESSORIES

### LED

A complete range of LED lamps designed for your awning. The ideal combination of high visibility and low consumption.

**Exclusive Italian Design anti-scratch canopies printed on whole length in 6 vibrant colours, without seams and high resistance to UV rays**

Our classic multi-coloured canopies are made without seams. The Fiamma canopy fabric guarantees higher resistance to UV rays. It does not fade in the sun and the absence of seams allows high resistance to water and tearing. It is flame-retardant, can be rewound when damp, is light-resistant, rot- and waterproof.

*All the Fiamma canopies are sealed for a perfect resistance to water*

*All canopies are printed on both sides. The outer layer is highly protected to allow complete and easy cleaning and care*

European Design Model 762026

**The right awning for your vehicle**

The original wall and roof mounting Fiamma Awnings are available in different finishings (Polar White, Titanium and Deep Black) and colours to match the design of your motorhome, caravan and van. Additional versions on special orders. Contact your dealer for information about pricing and availability.

Fiamma awnings are produced at our factory in Cardano al Campo, in Italy, using the latest technology

New automatic extra-strong awning with no legs

NEW

## Innovative and compact awning with Italian Design

New automatic extra-strong awning, with no legs, for motorhomes, provided with Wind Detective® System, wind sensor.

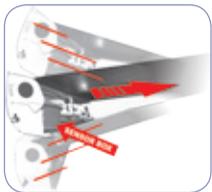

In order to grant maximum comfort and complete safety the 12Vcc electric awning can be easily opened by a switch inserted in the wall of the vehicle.

Wind Detective® System: the innovative wind sensor system that automatically activates the 12Vcc motor and closes the awning in case of strong wind. It avoids possible damages of the awning. More safety and less worry. The telescopic self-supporting arms are reinforced thanks to the innovative and sturdy duralumin Double Block® that doesn't require the use of support legs. The angle of inclination of the arms is fixed in advance at 10 degrees, but can be changed according to the height of motorhome from 5 to 17 degrees, enabling the correct flow of the water. The F45 Eagle is provided with the tested external 12 Vcc motor kit with the useful wall control for an easy opening-closing or stop in the required position.

Motor kit also allows manual closing in case of emergency.

It can be always operated with safety. The arms are preset for the passage of the electric cables for optional LED kits. F45 Eagle is provided with sturdy all length aluminium brackets, screws with spacers and internal counterbrackets that grant a safe and solid installation on the vehicle.

The awning is completely automatic, its design is innovative and aerodynamic, the best quality with an advanced technology

Wind-Detective System: wind sensor

12V motor kit with manual emergency closing

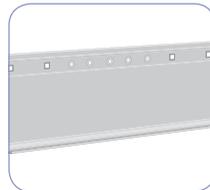

Sturdy knuckle adjustable inclination from 5° to 17°

Control System for Motor Kit with wall control

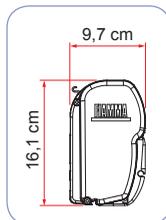

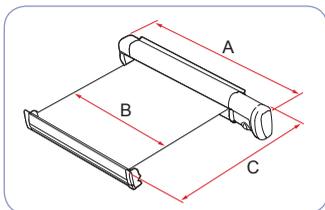

Arms preset for LED

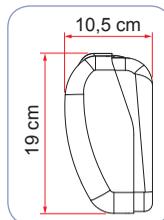

All length bracket standard delivered

### Models and dimensions

Awning

Motor

Wind-Detective System: wind sensor

POLAR WHITE	Description	Awning length A	Canopy length B	Canopy extension C	Shade surface	Net weight
06472-01T	<b>F45 Eagle 350 Deluxe Grey</b>	366 cm	335 cm	250 cm	8,3 m <sup>2</sup>	33 kg
06472A01T	<b>F45 Eagle 400 Deluxe Grey</b>	416 cm	335 cm	250 cm	9,6 m <sup>2</sup>	36,5 kg
06472B01T	<b>F45 Eagle 450 Deluxe Grey</b>	464 cm	435 cm	250 cm	11 m <sup>2</sup>	39,5 kg

Important: verify with your trusted dealer if your camper or motorhome is suitable for the installation of the F45 Eagle with the sturdy all length aluminium bracket. The vehicle must be sturdy enough to support the weight and the tension of the open awning, not having the legs. Fiamma refuses all responsibility for damages to the walls or for water seepages due to an incorrect installation or due to installations on weak walls.

The compact awning of the new generation

## F65 S perfectly integrates with the vehicle design

The innovative F65 S is the new generation Fiamma roof awning which integrates elegantly onto your vehicle without overhanging. Thank to its compact and curved dimensions it's smaller and lighter while giving you the greatest shade. Solid end covers in aluminium. Available in three external finishes: Polar White, Titanium or Deep Black. Optional: Integrated 12V Motor Kit to be installed inside the roller, without extending the total length of your awning or outside with manual security system. The F65 S is the Premium awning **ideal for installation on the Ducato Minivan**. It perfectly fits onto the vehicle without overhanging.

### Before 06/2006:

- F65 290 (medium wheel base 3200 mm) and
- F65 340 (long wheel base 3700 mm).

### After 06/2006, high roof:

- Length of the vehicle: 5416mm (wheel base: 3450 mm) = F65 S 320
- Length of the vehicle: 5998mm (wheel base: 4035 mm) = F65 S 370
- Length of the vehicle: 6363mm (wheel base: 4035 mm) = F65 S 400

Installed with no drilling, using the optional Fiat Ducato Adapter (page 29).

**The roof awning with compact dimensions:  
strong structure, low weight!**

*F65 S with Blocker*

*No drilling of the vehicle required*

# FIAMMA F65

## Colours

**Elegant aluminium case available in two coating colours**

**Polar White**

# MOTOR KIT 12V

Motorise your awning

## Motor Kit for Fiamma F45 S, F45 L, F65 S and F65

### Exclusive:

Only Fiamma offers you the optional Motor Kit 12V that can be installed on your awning even after mounting.

The Motor Kit also allows manual opening and closing in override mode. The standard Motor Kit extends the total length of the awning of about 13cm; while the integrated Motor Kit doesn't increase the total length of the awning.

The motors for Awning F45 S Left are only suitable for awnings with the winch on the left side.

European Patent 1887160  
German Utility Model 20 2006 012 081.5  
German Utility Model 20 2011 051 106.5

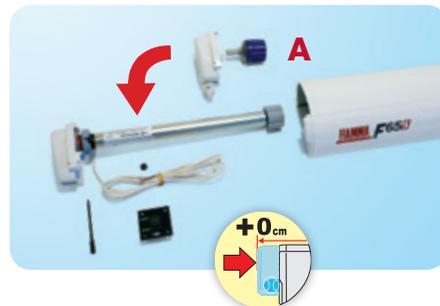

**Manual Override Mode**  
Motor Kit also allows manual opening and closing operations

**Motor Kit for Fiamma F65 S**  
Motor Kit also allows manual opening and closing operation

### The integrated Motor Kit for Fiamma F65 S

**Motor Kit for Fiamma F65**  
Motor Kit also allows manual opening and closing operation

**Control System** for Motor Kit and integrated Motor Kit. Control System (for all Motor Kit models) standard delivered

### The original awning with the 12V tubular Motor Kit

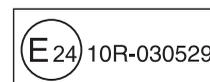

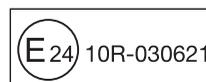

Fiamma Motor Kit 12V can be installed on your awning F65 S, without extending the total length of your awning.

The integrated Motor Kit can be easily installed by taking out the cap with the manual winch.

The winch (A) allows for manual emergency override opening. Control System standard delivered.

Specify the fabric colour you want in your order by replacing (X) with:

T= Deluxe Grey, N=Blue Ocean. \* 1 Rafter included.\*\* 1 Rafter and 1 Door Pole included.

The only automatic awning with high-quality zippers

**Italian Design**

## The innovative and compact awning with italian design

**Quickly double your living space with the patented Fiamma ZIP.**

Enjoy your free time at the fullest with the easy and strong unique Fiamma ZIP combination of awning and enclosure for the most perfect fit. The innovative Fiamma ZIP system joins the side panels to the fabric of the awning with two special sturdy zippers. The awning is transformed into a completely enclosed room in a few minutes.

### Standard delivered with:

- The awning (based on F45 S) - Installation brackets (Kit AS) - 1 front panel with door and window with mosquito net - 2 side panels with windows with mosquito net - Rapid Set aluminium tension poles - Central tension rafter (p.54) - Vehicle skirting (p.52) - Curtains for the three windows - Storage bag Mega Bag (p.61).

## The only automatic awning complete with front and side panels and ZIP fasteners

### All windows with transparent opening and mosquito net

The window can be closed thanks to the two side zippers and the Velcro on the lower part for a tight fit. With the standard delivered curtains you will complete your personal privacy.

# PRIVACY ROOM

## FAST CLIP

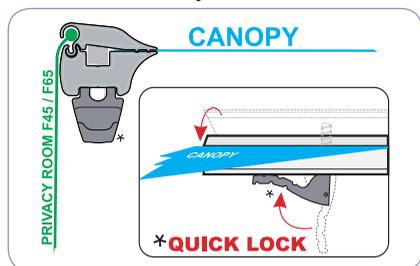

**New and improved.  
Quick and easy installation!**

With the new Fast Clip, lighter and simplified, the side panels of the Privacy Room are quickly and easily joined with the fabric of the awning.

**Suitable for all Fiamma winch awnings with 250 cm canopy extension (F45/ F65), to Omnistor 5002/5003/4900 and Tristor<sup>2</sup> awnings.**

Just place the Fast Clip in the corner of the case and the leg support of the front panel. Then the upper part is fastened together with the lower part.

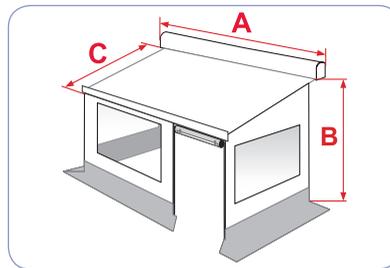

In order to guarantee a perfect seal the fabric of the awning is blocked between the hinged lower rail and the upper rail by internal easy clamps. Insert the side panels into the rail of the Fast Clip. The front panel of the Privacy Room is inserted into the guide of the front bar of the awning and with the zip it is joined with the side panels of the Privacy. The Fast Clip is delivered with two vertical poles that are fixed between the side panels and the vehicle wall. The Fast Clip works with the principle of the two profiles hinged with the spring-system Quick Lock and fastened in the Sandwich way. Made of anodized aluminium. It is adaptable for awnings with a maximum extension of 250cm (when closed the set of tent pegs takes up only 120 cm). The Fast Clip is standard delivered with each Privacy Room.

## Front Panel

# PRIVACY ROOM

Italian Design

The complete range of Enclosures for your Motorhome

The Fiamma Privacy Room is the only enclosure that allows full aeration on all windows.

With the Privacy Room you can transform your awning into a comfortable living area.

The side panels are quickly put together with the exclusive patented **Fast Clip** that combines the awning fabric with the sides.

No other fixing system is as stable as the Fiamma Fast Clip.

A protective sponge is fitted, vertically, on the back part of the side panels along the support pole to guarantee you a close fit.

The front panel is inserted in the front rail of the awning and with the ZIP it is joined with the side panels.

**Easy and safe to install: it doubles your living space !**

All the windows can be opened and come with moskito screens

The lead bar slides into the front bar guide

Standaard geleverd met Fast Clips tentstokken die aan de binnenzijde te verstellen zijn

Convenient internal easy clamps

The door can be placed in the left-hand side.....

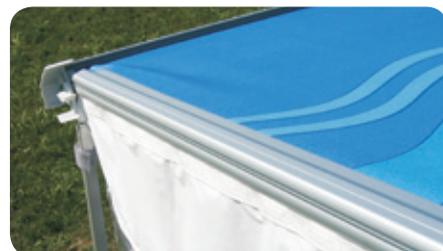

....and easily moved on to the right hand side!

Standard delivered with:

- Front Panel\*
- 2 Side Panels\*
- Door Panel (usable left/right)
- Fast Clip installation (p. 34)
- Support Poles
- Curtain Kit Ocean
- Mega Bag

\* all sides come with the patented crystal window and the moskito net.

The Kit Privacy O allows the installation of the Privacy Room on Omnistor 5002, 5003 and 4900 and Tristor<sup>2</sup> awnings. Kit delivered as standard.

# PRIVACY<sup>®</sup> ROOM Light

Italian Design

The light Fiamma enclosure

The light version of the Privacy Room enclosure.

Made of durable weather resistant grey polyester that once folded up, takes up little space. It's standard delivered with the new Fiamma **Fast Clip Light** with inside lever hooks to easily fasten to the front of the awning. The two side panels are provided with roller blind and mosquito screens for good ventilation.

The front panel, that is standard delivered with opening window and mosquito net, slides in the guide of the front bar and thanks to the auto-lubricant zippers fastens easily it to the lateral panels.

The door can be moved to left or right-hand side.

The side panels stick to wall of the vehicle with the standard delivered elastic ropes, provided with quick hooks.

It can be used complete with the optional Tie Down S (Page 61). Standard delivered with Mega Bag Light and the elegant Ocean curtains in plain blue for the front window. Suitable for Omnistor 5002, 5003, 4900 and Tristor<sup>2</sup> awnings too.

**The Privacy Room Light:  
lighter and more compact for your holidays on the move**

The two side panels are provided with roller blind and mosquito screens

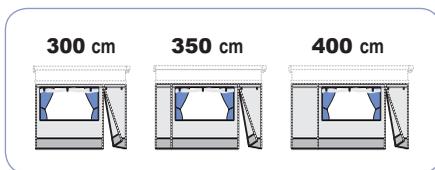

Standard delivered with Mega Bag Light

Standard delivered with Curtains Kit Ocean (2 pcs.) for the front window

Caravanstore® ... the light awning

Original Version

**The original bag awning is produced only by Fiamma! It's impossible to lose pieces: few pieces, less weight**

**The first easy to use, sturdy and lightweight bag awning**

The Fiamma Caravanstore® is easy to use and install: it takes only seconds to roll it out completely. Simple and essential, Fiamma

Caravanstore offers excellent shelter from sun. The legs are inside the rollertube and is standard delivered, easy to take out and install as it is articulated and telescopic, so they cannot fall down or be lost.

For those reasons the Caravanstore is the favourite. Inside the bag you can find also the wall fixing kit.

The larger roller can be rolled-up in both ways. It is enough to undo one screw in order to disassemble the legs and replace the fabric for quick and easy maintenance.

**Caravanstore® The fabric is perfect and always wrinkle-free**

It is wrinkle-free even after long storage and in just a few seconds it is like new, ready to give shade. Thanks to its wide roller the Caravanstore® is easy to unroll and roll up and above all the fabric is wrinkle-free! The exclusive system allows the roller to roll-up in both ways (photo 1, page 40).

Simply THE BEST

**Elegant, nice-looking and really affordable. The only awning for caravans and minivans with tubular rewind for wrinkle-free fabric**

The wall rafter support kit is standard delivered and provides safe support for the awning rafter to prevent damage to the vehicle wall.

**EXCLUSIVE 100% ROUND FRAME**  
Sturdy aluminium closed roller of bigger size Caravanstore® is the only awning with the fantastic benefit of having the Round-Frame roller tube in aluminium on which the fabric is wound.

The Fiamma Caravanstore® is the most compact awning. The awning's rafters and rods fit inside the aluminium roller-tube. No vibration when travelling and no loose parts fall out when opening the bag.

Standard delivered with the valence Shade, in the same fabric colour. 28cm high. It slides in the front rail of the roller tube. Shade is also available as optional (see page 51)

## Characteristics and benefits

<b>Type of awning</b>	Compact, lightweight and easy to operate. Horizontal and vertical support assembly slides into awning roller tube.
<b>Major benefits:</b>	Specially designed for caravans, trailers, pop-ups, small campers and mobile homes.
<b>Type of housing:</b>	Sturdy aluminium closed roller of bigger size. Telescopic legs and central Rafter in anodized aluminium.
<b>Installation:</b>	Slides easily into the existing awning rail, supplied upon request. Easy to remove. Standard delivered with shock absorber foam stickers.
<b>Fabric:</b>	Hard-wearing and waterproof, Colour Pearl Grey.
<b>Extension:</b>	225 cm.
<b>Length:</b>	260 cm, 290 cm, 340 cm.
<b>Standard equip.:</b>	Ground securing hooks, Rafter Caravanstore.
<b>Optional:</b>	Blocker (pag. 50-51) - Shade (pag. 50).

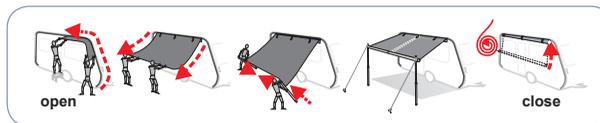

*Rafter Caravanstore standard delivered*

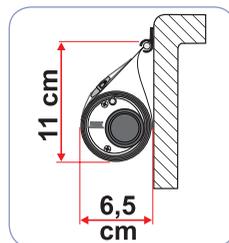

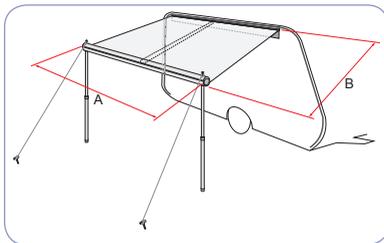

Once dismantled, the awning takes up very little space, so the transport is very easy. Standard delivered with the transportation bag. The legs slide into the roller tube and quickly the canopy is rolled up.

## How to install the Sunstore

The frontal tube in sturdy aluminium, is composed by two pieces that are connected together by an aluminium joint for a very quick installation.

## Models and dimensions

When closed it takes little space: just 11 cm. Easy to remove before travelling.

**New and exclusive awning, essential for your caravan**

**Sunstore®, the simplified and very cheap awning for caravans, that takes up very little space**

The ultra light awning for caravans, it can be easily dismantled and takes up very little space when travelling.

Simplified version of the Caravanstore: dismantled, the frontal tube is divided in two pieces and it's easy to put back inside the caravan.

The installation is very quick, you have to insert the fabric into the rail of the caravan and you have to fix the frontal tube, made of light but sturdy anodized aluminium, directly on the fabric.

Complete with two legs, that you can put back inside the roller tube and with a central tension rafter, all telescopic and made of anodized aluminium.

Thanks to the fastening clips, you can quickly roll the awning up on the wall of the vehicle, it takes up very little space, it sticks out only 7 cms.

The awning must be taken off before traveling.

It can be used with one or more tension rafters or coupled with Blocker frontal panels or Shade.

**The affordable awning for caravans, easy and quick**

*Optional available the valence Shade. 28cm high. (see page 51). It slides in the front rail of the roller tube.*

*Rafter Caravanstore standard delivered*

*Standard delivered with ground securing hooks*

Double quickly your living space with the Caravanstore Zip

## Double quickly your living space with the Caravanstore Zip

The Caravanstore ZIP comes

complete with the awning and the enclosure.

The innovative Caravanstore ZIP system joins the side panels to the awning's fabric with two special sturdy zips.

In a few instants the awning can be transformed into a complete ZIP.

The Caravanstore ZIP is available with canopy in Blue Ocean or Deluxe Grey.

Delivered with:

- the awning (Caravanstore type),
- 1 front panel with door,
- 2 side panels,
- Rapid Set CS,
- Curtains Kit for the 3 windows,
- Storage bag Mega Bag (p.61).

*The 3 screened windows can be opened and are standard delivered with mosquito net.*

The three windows can be rolled up and are delivered with Mosquito Net. The windows can be closed completely and sealed thanks to the two side zips and the Velcro on the lower part. The standard delivered curtains offer complete privacy.

### KIT HOBBY CARAVANSTORE

Supplementary kit to fix the Caravanstore on Hobby caravans, 2009 production, edition 6.

**The complete solution : awning and enclosure, complete with windproof and waterproof zip fasteners**

*The side panels are joined to the awning fabric with two special sturdy zips.*

### FIAMMA exclusive:

ZIP your side and front panels onto your awning and double your living space

Windows come with curtain Kit

The three windows can be rolled up and are standard delivered with mosquito net

The best solution for your Caravan

**Privacy Room CS Light enclosure:  
the compact solution for your Caravanstore**

**Light in weight and lighter in price. The side walls also have complete ventilation.**

The enclosure Privacy Room CS Light is specially designed for the Fiamma Caravanstore. Standard delivered with the **Fast Clip CS** aluminium profiles with internal easy clamps, composed of two pieces that ensure secure fastening. Easy installation. Side panels are provided with big windows that can be opened, equipped with mosquito nets.

The front panel, with window that can be opened and with mosquito screen, slides in the front rail of the roller tube and thanks to the auto-lubricant zippers it's easy to fasten the lateral panels. The two side panels are provided with roller blind and mosquito screens for good ventilation. Elegant curtains in Ocean colour for the front window are standard delivered. The door can be moved to the left or right-hand side.

Can be installed on all Caravanstore from 04 version and now also on F35 Pro awning (height from ground 230-260 cm.) with additional kit optional.

Have a great holiday with the Privacy Room CS Light!

New: also the window can be rolled up and now it is provided with mosquito net

# PATIO-MAT

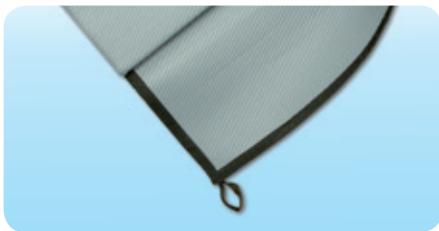

German Utility Model 20 2010 008 355.9

## The essential accessory for your awning and Privacy® Room

The essential accessory for your awning and Privacy® Room

Available in 4 lengths from 2.90 to 4.40 to better adjust to your awning. The Patio-Mat is made of small resistant polypropylene pipes, allowing the air to pass through leaving the carpet really light and easy to carry. It is easy to clean by removing the dirt from the surface and washing with water, can be left to dry in the open. Patio-Mat is flame retardant and also UV resistant and maintains its colour and the technical features over time. Washable.

Now with bands for pegs and the elegant border along the perimeter

Improved version of Patio-Mat with straps for easy transport

The double face design allows the use of both sides of the Patio-Mat. It comes complete with bands at the tips to fix the mat to the ground through optional pegs. Optional: handy travel bag made of transpiring material.

**It comes now standard delivered with straps for easy transport.**

Patio-Bag optional

# CARRY-BIKE®

...the original  
Fiamma  
bike carrier !!!

## UPPER BRACKETS

**Elegant and discrete covers for the upper brackets,  
standard delivered.... Be always on the safe side!**

BEWARE: There are copies of Fiamma Carry-Bike bike carriers by other manufacturers that sometimes are installed to the original Fiamma fixing brackets.

For the security of people who travel, Fiamma highly recommends you to verify that only the original Fiamma Carry-Bike with the TÜV label is mounted on the preinstalled Fiamma fixing brackets.

# CARRY-BIKE®

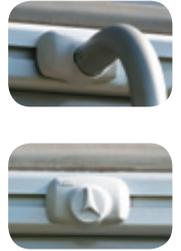

Fiamma Carry-Bike exclusive features:

## SAFETY

All Fiamma Carry bike are rigorously tested in our laboratories before being put on the market, in order to grant the greatest security. Fiamma Carry-Bike have passed many reliability and security tests, for this reason they are preferred by many OEM manufacturers who preinstall them on the walls of their vehicles.

E-Bikes: Please contact your local dealer to see if your Electric Bikes are suitable, and that the weight does not exceed the maximum permitted weight. We suggest that the installation is carried out by a dealer.

## QUICK

## SAFE

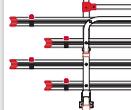

## RACK HOLDER

## COMFORT

Most Fiamma Carry-Bikes are standard delivered with the Quick-Safe safety straps to safely mount and block the wheels on the bike carrier rail. Easy release for immediate opening. Each wall mounted Carry-Bike has the Rack Holder blocking system for more security when not carrying any bikes. The Fiamma Carry-Bikes with this symbol are equipped with the Bull Shock Absorber system for the best and most reliable shock and vibration absorption during travel. To improve the ease of carrying multiple bikes at the same time, you can offset the rails on your Fiamma Carry-Bike. All rails are mechanically fixed by means of rustfree inox screws to avoid movement.

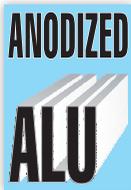

## EASY

## POSITION

German Utility Model: 20 2004 008 369.8  
German Patent: 198 39 919.7-21  
European Patent: 05 011 144.2-2421

## QUALITY

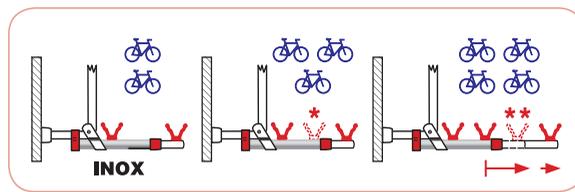

Fiamma Carry-Bike uses highest quality choice anodized aluminium rounded tubes. For even greater resistance and capacity, several Fiamma Carry-Bike models use an improved, extendable rounded frame. Fiamma Carry-Bikes are manufactured using only long life stainless steel screws. All Carry-Bike have the double reinforced bike carrier rail and the safety strap Quick-Safe. Some models standard mount the innovative and exclusive Rail Premium.

## INNOVATION

Fiamma Carry-Bike has the Bike-Block Pro, fixing kit for bicycles, anti-scratches, safer and easier, for all tubes with diam. ranging from 25 to 100mm. Every Carry-Bike comes standard delivered with two rails. Each symbol indicates the maximum number of rails that can be fitted. Fiamma Carry-Bike fits up to 4 bikes. Carry-Bike Pro has a patented telescopic rail support Zoom-4-Bikes with a thicker rounded tube, reinforced elements in stainless steel and aluminium.

German Patent: 44 27 450.5

## COLOURS

Range of coloured Bike-Block holders for your Pro/Pro C Carry-Bike. Red is the standard colour of the Fiamma Carry-Bike, but also the optional versions in grey, blue and black are available upon request. These versions are made on special request, for availability contact your dealer.

# CARRY-BIKE®

The original bike carrier is only Fiamma: everything else is just a copy !

Carry-Bikes are produced at our factory in  
Cardano al Campo, in Italy, using the latest technology

# CARRY-BIKE® PRO C

The compact, classic and universal bike carrier

It allows an effortless opening and closing of the rear window

NEW

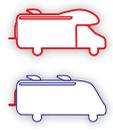

The short version of the Pro line is installed under the rear window while still allowing it to open. The Carry-Bike Pro C can be installed on all types of motorhomes. It is highly recommended by experts in the industry as the strongest bike carrier on the market. Delivered with patented Zoom-4-Bikes strengthened rail support that can carry up to two additional rails.

Carries up to 60 Kg.

New up-to-date model with lower fixing kits with elegant Kit Support Bar (see pag. 89) provided with screws and counter plates for more flexibility of installation: the screws can slide over the bar to be adjusted to the different wheel bases.

Supplied with:

- 2 Rails Quick, - Bike-Block Pro 1 & 3,
  - 2 Rack Holder - Security Strip.
- Special version "N" available, supplied without upper and lower fixing kits, as these brackets are already preinstalled on the vehicles Sea 08, Chausson, Challenger and MC Louis.

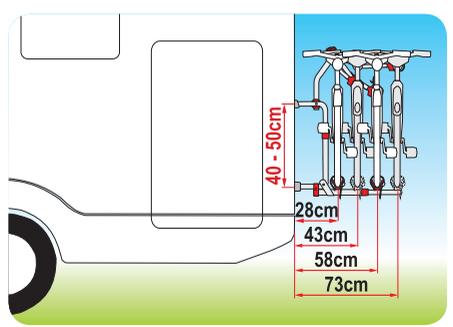

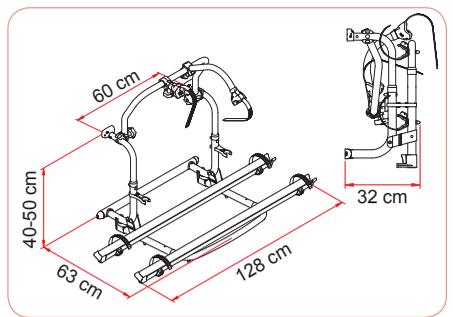

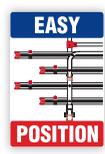

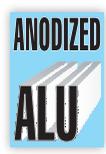

German Patent: 44 27 450.5

# CARRY-BIKE® PRO

Highly adjustable upper structure for better stability

NEW

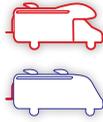

## The telescopic bike carrier

The longer version of PRO Line allows highly adjustable upper structure for better stability.

The Carry-Bike Pro is recommended as the strongest bike carrier on the market with telescopic structure in rounded tube that is easily adjustable from 80 to 150cm in height to fit different installation possibilities.

Delivered with patented Zoom-4-Bikes rail support that can carry up to two additional rails. Carries up to 60 Kg. New up-to-date model with lower fixing kits with elegant Kit Support Bar (see pag. 89) provided with screws and counter plates for more flexibility of installation: the screws can slide over the bar to be adjusted to the different wheel bases. The Carry-Moto ramp for the garage facility of your Motorhome

## CARRY-MOTO S

Motorbike carrier for all motorhomes with garage facility. Consists of a ramp in galvanized aluminium that can be installed on the door of your motorhome or on the floor of the garage facility. Once the fixed plate is installed on the floor the ramp can be easily hooked and unhooked. When not in use it takes up little space. The rail can reach a length of 175 cm through the telescopic slide, to help loading. Complete with handle for easy transportation. Internal width 15cm. Carries up to 130 kg.

**ROLL ON RAMP:** with 2 pieces of Carry-Moto S you can create a system of ramps for loading scooters and wheelchairs on your vehicle. Each ramp is 15 cm wide and is covered with an antiskid band to help loading and unloading. The 2 ramps hold up to 130 kg, do not load wheelchairs when occupied.

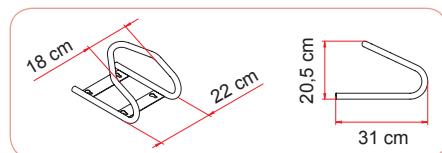

**ROLL ON RAMP:**  
two pieces together of Carry-Moto S

Item No.	Weight
02095-04-	7 kg

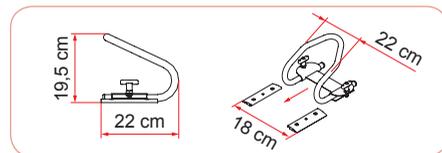

## MOTO WHEEL CHOCK FRONT

The front wheel chock for your motorbike. Functional, solid and light. Made of black anodized steel. Easy to assemble and to remove thanks to its 4 screw's anchor holes. Its tapered design enables to stabilize the wheels up to a maximum width of 165 mm. Complete with a kit for fixing to wood floors. Package includes 2 click strips for the fixing of the scooters and of the motorbikes.

## MOTO WHEEL CHOCK REAR

The rear wheel chock for your motorbike, the ideal complement for the Carry Moto S. Made of black anodized steel. Easy to assemble and to remove thanks to its quick removable knobs. With rails for the fixing to the floor. Its tapered design enables to stabilize the wheels up to 165 mm.

# DELUXE

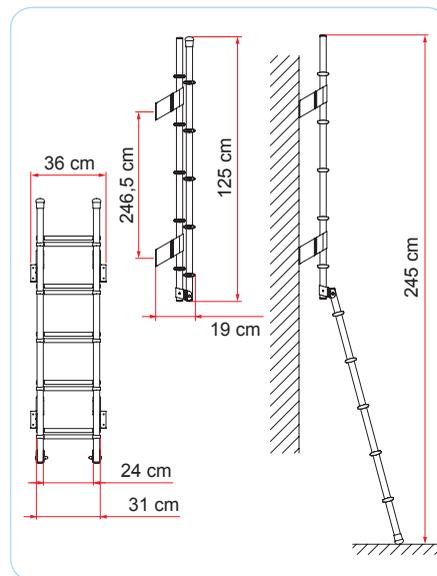

## High quality aluminium ladders

### DELUXE 8

Sturdy and lightweight exterior ladder with 8 steps. 30mm diameter and 2mm thick tubes in anodized aluminium. Inside width: 24cm. Total step width: 31cm. Non-skid steps. It can be folded up while travelling.

Item No.	
02426-02-	

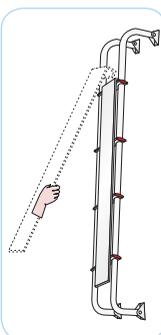

### DELUXE 5D

High quality exterior ladder in anodized aluminium with 10 steps. Inside width: 24cm. Total step width: 31cm. Non-skid steps. It can be folded up while travelling.

Item No.	
02426-08-	

**UNIVERSAL**

Double step

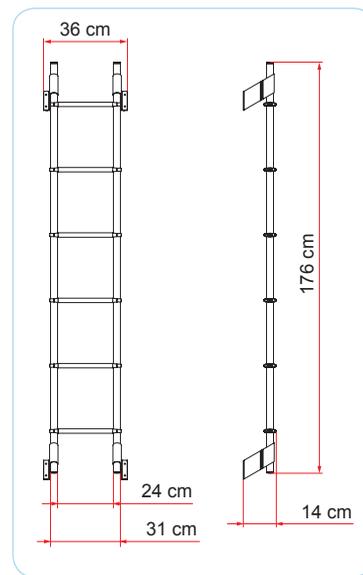

Single Step

### SAFE LADDER

Sturdy anti-theft safety plate for your motorcaravan ladder. Suitable for single and double steps. Standard delivered with Locks and key. Dimensions: 23x78 cm.

Item No.	
98656-480	

### DELUXE 6

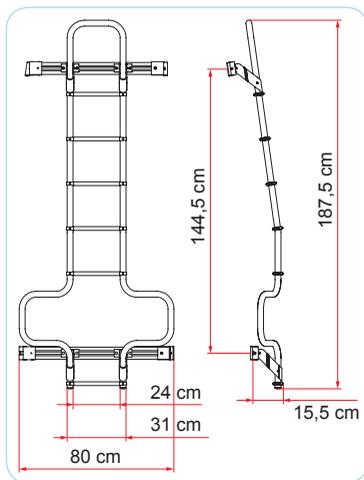

Exterior ladder with 6 steps in anodized aluminium. Non-skid steps. Inside width: 24 cm; total step width: 31cm.

Item No.	
02426-06-	

# DELUXE

## High quality aluminium ladders

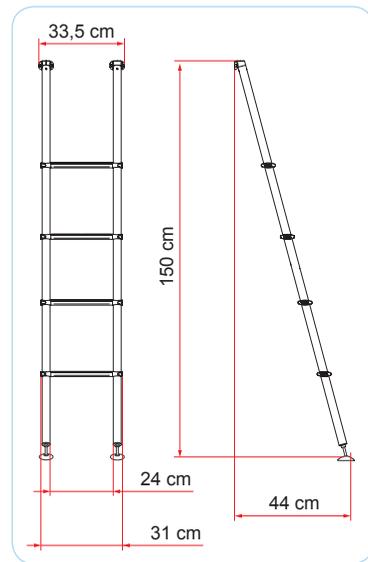

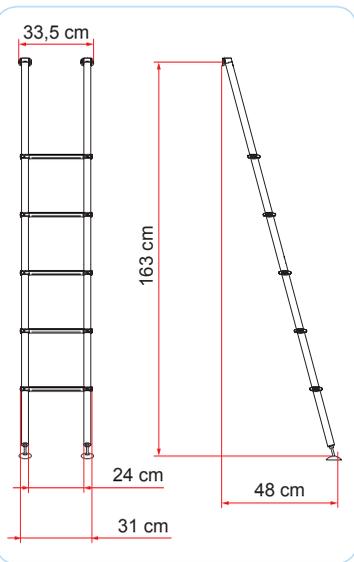

### DELUXE DJ

High quality exterior aluminium ladder. Supplied with Fixing Bars for easy and quick installation on the rear door. Can be combined with Carry-Bike 200 DJ (Pag. 80). The ladder Deluxe DJ Ducato can be installed on the following vehicles: Fiat Ducato, Citroën Jumper and Peugeot Boxer. The Model 02426D01- is suitable for Mercedes Sprinter and VW LT. The model 02426-09- is also suitable for Ford Transit.

Item No.	
02426-09-	

## High quality aluminium ladders for mansards and sleeping berths

### DELUXE 5B

Aluminium ladder with 5 steps with 15° inclination for the inside of luton overcab models of motorcaravan or caravans with bunks. Inside width: 24cm. Total step width: 31cm. Handy nylon hooks to hold in position.

Item No.	
02426-13-	

### DELUXE 4B

Aluminium ladder with 4 steps with 15° inclination for the inside of luton overcab models of motorcaravan or caravans with bunks. Handy hooks to hold in position. Inside width: 24cm. Total step width: 31cm.

Item No.	
02426-12-	

All Fixing-Bar models are suitable for roofs with a max width of 240cm. For narrower roofs it is necessary to cut the aluminium bars

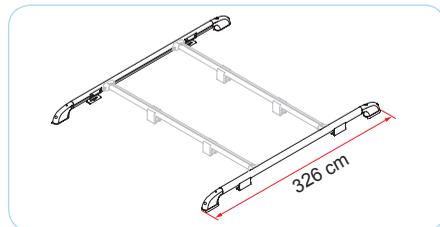

**Roof Rail with Fixing-Bar Rail optional**

## ROOF RAIL

Luggage carrier system comprises 2 perimetric bars easy to install on motorhomes and caravans. Elegant and modern design. Solid terminals (A) are built in aluminium pressure die-casting. The aluminium anodized tubes are suitable for a quick hook up of the optional Fixing Bar Rail (Item No. 98655-075). The tubes are 300 cm long and easy to shorten. Complete with 4 aluminium support brackets.

Solid terminals (A) are built in aluminium pressure die-casting

Item No.	
05516-01-	

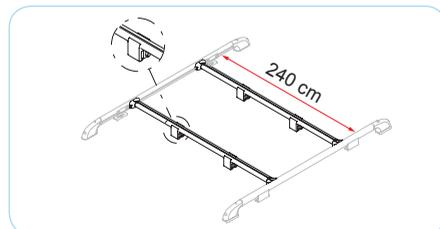

**Fixing-Bar Rail with Roof Rail**

## FIXING-BAR RAIL

Carry-all bar made of aluminium, 240 cm long, easy to shorten. It can be easily used with Roof Rail (Item No. 05516-01-), Roof Rail Pro 3 (Item No. 05516-02-) and Roof Rail Pro 4 (Item No. 05516-03-) without drilling the vehicle by using the sliding hooks, standard delivered. Package includes 2 bars, each with 2 fixing terminals (2 in the picture) in aluminium pressure die-casting and 2 rubber spacers. In two colours available: grey and white.

(1) Roof Rail supporting brackets  
(2) Fixing-Bar Rail terminal

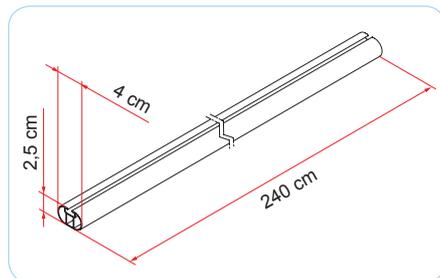

Description	Item No.
Fixing-Bar Rail Grey	98655-075
Fixing-Bar Rail White	98655-226

## FIXING-BAR PRO L

The aluminium fixing bar 240cm long can be shortened to the required length. Kit includes: 1 bar, 2 white end caps and 1 rubberspacer. To be placed on the Motorhome or Caravan roof. Ideal for supporting system for solar panels or roof boxes.

German Patents: 19731898.3 - 29722816.1

Item No.	
98655-295	

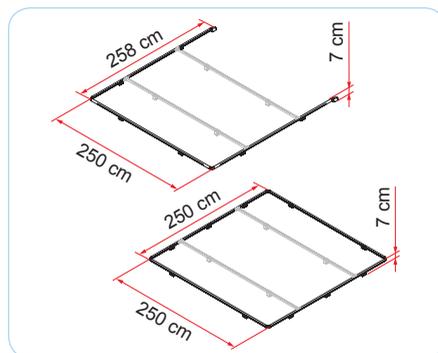

**Roof Rail Pro 3**

**Roof Rail Pro 4**

## ROOF RAIL PRO

Luggage rack consisting of 3 or 4 bars (each 240cm long) and relative curved pieces. Pieces are made in anodized or painted aluminium for maximum weather resistance. It can be used with Fixing-Bar Rail.

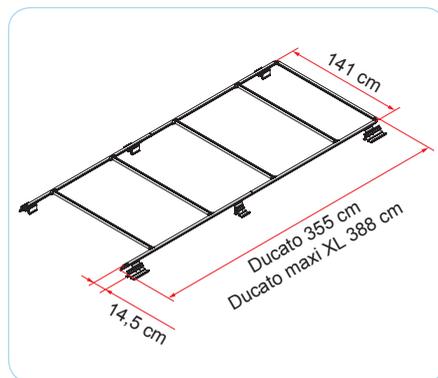

Roof Rail Pro 3: standard delivered with 3 bars, 2 terminals and 2 curved pieces and 6 fixing brackets. Dim.: cm 250x258x7 h. Roof Rail Pro 4: standard delivered with 4 bars, 4 curved pieces and 10 fixing brackets. Dim.: cm 250x250x7 h. Both versions are available in two colours: grey and white.

Description	Item No.
<b>Roof Rail Pro 3 Grey</b>	05516-02-
<b>Roof Rail Pro 3 White</b>	05516-02W

# TURBO-KIT

**Turbo-Kit installed on 50x70 cm Hymer rooflight**

German utility model application 20 2008 008 238.2

*Fiamma Vent 50x50*

*Omni-Vent*

*RemiTop 400*

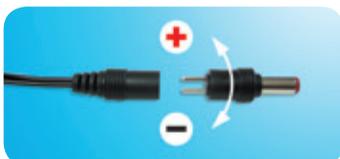

*Seitz Mini Heki*

*Seitz Midi Heki*

*Stand/Alone Turbo Kit*

*Polarity inverter:  
from ventilator to aspirator*

Feeding tension:	<b>12 Vcc</b>
Absorbed power	<b>4 W</b>
Min. electric input:	<b>0,20 Amp.</b>
Max electric input:	<b>0,33 Amp.</b>
Max air flow:	<b>7,2 m³/min.</b>
Fan diameter:	<b>240 mm</b>

## You can finally install the fan on large size rooflights

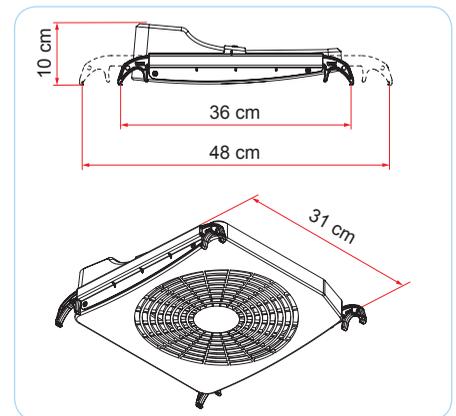

Kit to convert the roof-light into fan. Turbo kit 12 Vdc with telescopic and patented hanging system allows the installation on all roof-lights from 40x40cm (not Fiamma) to 50x70cm when the vehicle is stationary and the roof light is open.

Composed of a ventilation system with a 24 cm diameter fan and 2 telescopic hangers adjustable from 36 to 48cm.

Complete with a supply cable for lighter and a 12Vdc power supply cable for the motorhome's electric installation, that allows the roof-light to function as fan and aspirator, thanks to the manual system of supply polarity's reverse.

Preset to work with batteries (8 batteries of 1,5 V D, not supplied) Usable also as table or hanging-fan. Color ivory.

Dimensions: 31x36(48)x10 cm.

**PERMANENT VENTILATION**

*New transparent grating allows maximum air flow and maximum protection*

*Due to the particular aerodynamic shape no spoiler is needed*

*Maximum stability with the center support adjusting arm*

Model	Item No.
Turbo-Vent White	03623F01-
Turbo-Vent Crystal	03623F01B

# TURBO-VENT®

*Fresh air in just a few seconds*

**The only one that allows you to save up to 50% electricity thanks to a new electronic circuit.**

**Turbo-Vent is silent at high speed and exceptionally silent at the minimum**

The Turbo-Vent is a ventilation system made from high quality materials, that are shock and UV-ray-resistant.

It changes and refreshes the air inside your vehicle within seconds thanks to the 12V DC variable speed motor with 10 blades.

It is the only one of its kind with an innovative electronic circuit that allows a rapid, problem-free, change of rotation.

The cover can be opened and closed manually and the central arm provides stability against strong wind even when travelling with the cover open. Supplied with double external mosquito screen to collect leaves and other debris.

The transparent grating permits maximum air circulation and filtering of light.

Can be installed on roofs with depths of 3cm to 8.5cm using the optional extension kit.

Colours: outside frame white, inside frame ivory, cover white or crystal.

European patent: 0 691 227  
Utility Models: 20 2004 010 435.0 - 20 2004 013 390.3  
20 2011 051 110.3 Design Model: 402 07 149.2

*Turbo Vent with Rollo Vent LED, page 146*

*Turbo-Vent white*

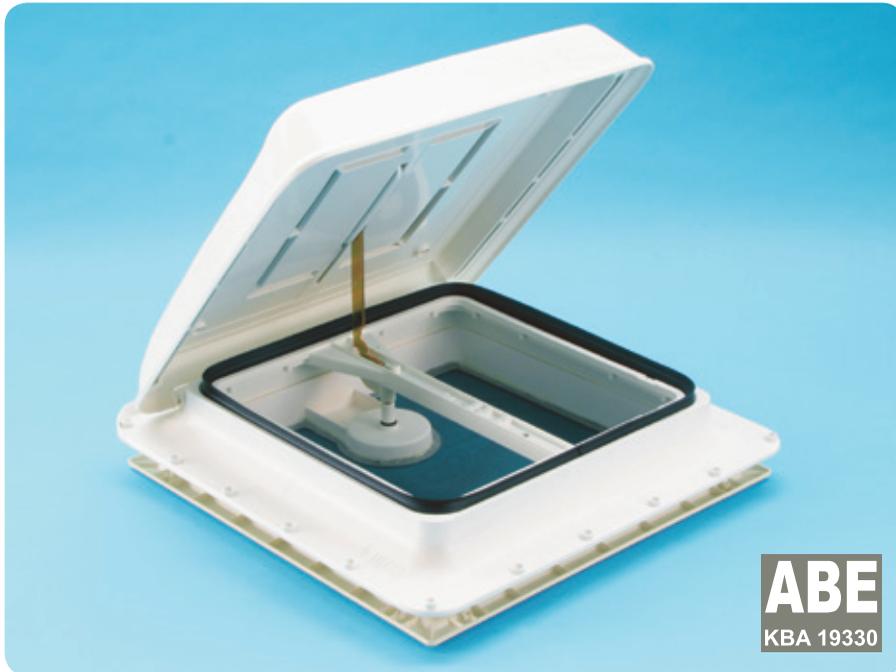

*Turbo-Vent Crystal*

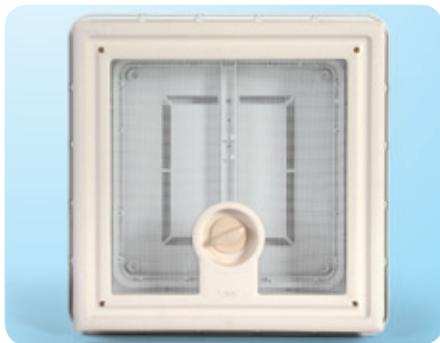

*The cover can be easily replaced thanks to the quick installation hinges*

**Extra quiet also at high speed**

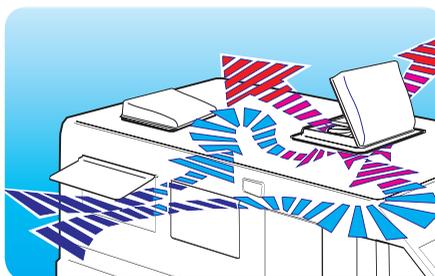

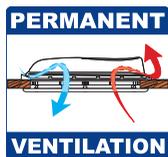

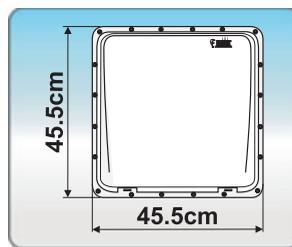

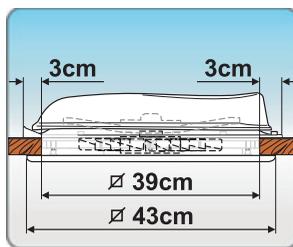

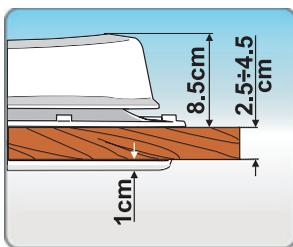

Design Model 402 07 149.2

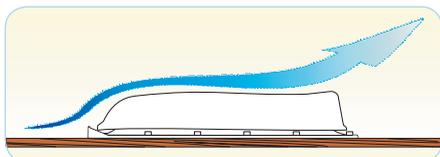

Rooflight Vent White

Rooflight Vent Crystal

*Due to the aerodynamic shape no spoiler is needed*

## Excellent performance and elegant!

Aerodynamic, thanks to its elegant external profile top, it does not require the use of the Spoiler.

During high-speed testing noise and vibrations were greatly reduced.

Thanks to the new outside cover and exclusive patented rubber seal, a watertight system guarantees rain streams down without the possibility of it coming in.

ABE approved.

Made with high quality UV-ray resistant materials.

Maximum stability with centre support adjusting arm.

Can be installed on roofs with depths of 2.5cm to max 5cm.

For installation on roof with depths of max 8.5 cm, the optional extension kit (Item No. 98683-116) can be used.

The optional Rollo Vent 40x40 can be fitted to the vent Crystal.

Interchangeable with the old Fiamma Roof-lights 40x40 and with rooflight from 36x36cm to 42x42cm thanks to the reinforced frame.

Supplied with permanent air flow ventilation and mosquito screen.

Outside frame: white.

Inside frame: ivory.

Cover: white or crystal.

*The cover can be easily replaced thanks to the quick installation hinges*

**Rollo Vent 40**

*Rollo Vent 40*

*Rollo Vent LED, see page 146*

## ROLLO VENT 40

**Version of roller blind system, with an elegant and innovative design, suitable for Fiamma 40x40 rooflights**

Permanent ventilation thanks to its side inlets.  
It's compact thanks to its low profile frame.  
Easy installation without drilling: use the same fixing points of Fiamma Vent 40 and Turbo Vent frames.  
Colour: ivory.

Also available the version with LED perimetric lighting system with 9 light points each side (see page 146).

European Design Patent 001742099

Item No.	
06310-01-	

## THERMO VENT 40

Insulated vent shield.  
Keeps your RV warmer in the winter and cooler in the summer!  
Suitable for all rooflights 40x40.  
The aluminium surfaces assist by reflecting sunlight and by reducing heatloss.  
Dimensions: L40 x W40 x H0,6 cm.

Item No.	
03650A01-	

*Spoiler 40 on Vent 40 White*

## SPOILER 40

This special spoiler assists by channelling the air smoothly around the existing **non-aerodynamic rooflight** and thereby reducing both wind resistance and noise levels. It is made of UV-resistant ABS plastic. It is easily installed with the roof vent screws or can be attached with suitable adhesives (Sika). Designed to fit the non-aerodynamic Fiamma 40x40 and the TF-40 rooflights using the spacers included.

Item No.	
03585-01-	

# VENT® 28 - TURBO 28

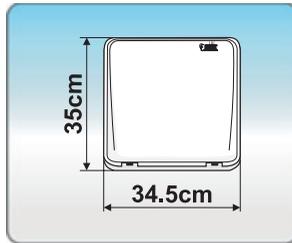

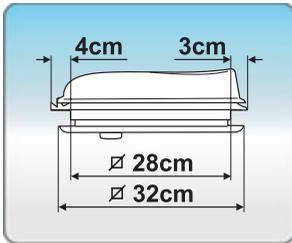

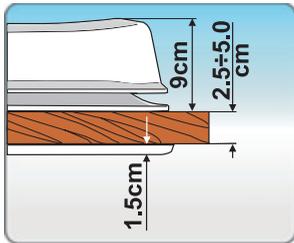

Vent 28 White

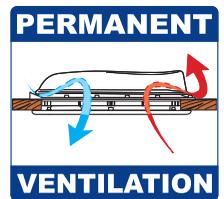

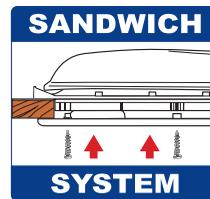

## VENT® 28

### Ideal for small spaces

28x28cm rooflight, without fan, ideal for airing small spaces. Made with superior quality impact and UV-resistant materials. Due to an internal installation system, it is not necessary to drill holes in the vehicle. Supplied with permanent air flow ventilation system and mosquito screen. The external aerodynamic cover guarantees a watertight system. For installation on roof with depths of max 8.5cm, the optional extension kit (Item No. 98683-112) can be used.

## Detergents for lower tank of fixed and portable toilets

**Eliminate unpleasant odours and accelerate decomposition of organic remains and toilet paper. Limit gas formation and keep tank clean**

Super Kem Blue concentrated

New transparent level indicator, makes dosage easy

### SUPER KEM BLUE

**The most powerful detergent for fixed and portable toilets.**

Practical 2 L bottle with convenient transparent level indicator for easy dosage.

The only detergent with security seal for your safety.

New concentrated double-action formula that continues working wherever you go and in any weather condition.

Disintegrating, deodorizing, sanitizing, pleasantly scented fluid (pine essence) containing anti-freeze for temperatures up to -20°C.

Eliminates bad odours.

90% biodegradable.

Essential for Kassett and portable toilets.

Keeps the tank clean.

Super Kem Blue: the one I prefer!

**Phosphate free.  
Non-Formaldehyde.  
Not irritant.  
In accordance with European  
648-2004 regulation.**

<b>Item No.</b>	
97310-022	

New sachets for easy placing in the Pocket Kassett (see page 130)

### SUPER KEM SACHETS

New version of powder in sachets for daily use, individually packed in protective packaging.

Once opened the Super Kem sachet single-dose, place the powder in the lower tank and it will dissolve quickly in the water with a fresh and pleasant scent of pine oil.

In case of normal use, one dose is enough for max 4/5 days

One container contains 15 sachets of Superkem Sachets 30gr each.

<b>Item No.</b>	
97310-023	

## Products for portable or fixed toilet waste tank

Great savings packaging!

### SOFT 6

#### It won't clog up tanks or waste valves

Special 2-layered soft toilet paper. Ideal for fixed and portable toilets thanks to its dissolving formula. Stronger and softer tissue dissolves quickly in water. 300 sheets per roll. 6 roll pack.

Pure  
watersoluble  
wadded cellulose

Item No.

97312-010

Essential for Motorhome

Transparent  
level  
indicator

### SUPER RINSE

#### For portable or fixed toilet fresh water tanks

Scented anti-mildew bactericide for chemical toilet fresh water tanks. Effective against algae. Powerful rinsing capacity. Cleans and protects the bowl. Available in 1L bottle. In accordance with European 648-2004 regulation.

Item No.

97310-080

### TOILET BRUSH PRO

**Toilet Brush Pro:** toilet brush holder designed specially for motorhome bathrooms. Compact, it takes up very little space in the corner of the bathroom. The big bristle brush cleans efficiently without scratching. Colour: White.

## The silent pump!

The only self-priming pump with incorporated filter and anti vibration Silent Plate included. The Aqua 8 pumps water vertically over 3m with no priming. The stainless steel filter prevents impurities from entering and is easily cleaned so the pump lasts longer. An automatic pressure switch starts and stops the pump by opening and closing the valve. Non-toxic materials are used for all parts of the pump that come into contact with water. The pump is resistant to limestone deposits and oxidation. It can run dry without damage. The pump can operate in any position, but we recommend installation by placing the motor on top and the head below to prevent possible damage caused by leaks. Install on a solid surface to reduce noise and vibrations. Easy maintenance: all its components are easily replaceable. Angle and straight connectors for Ø 13mm pipes included. Standard version with Pressure switch intervention to 1.5 Bar for cumulating Truma boilers.

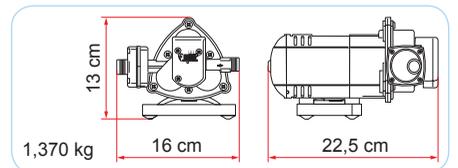

## AQUA® 8 QUIET POWER PUMP

Anti vibration  
Silent Plate  
included.

Characteristics	iSensor 01216C03-	Aqua 8 01216C01-	Aqua 8 01216B01-
Power Supply	12	12	12
Absorption (A)	1,4	1,4	3,4
Max. flow (l/min.) at 0 bar	7	7	10
Noise level (db)	55/60	55/60	65/70
Pressure switch interv. (Bar)	1,5	1,5	1,5
Pressure switch interv. (Psi)	21,75	21,75	21,75

## The Fiamma Aqua 8 iSensor® pump has variable speed smart electronic system

The innovative “iSensor” controls precisely the water pressure of the motorhome and regulates the motor speed, with no need of pressure switches.

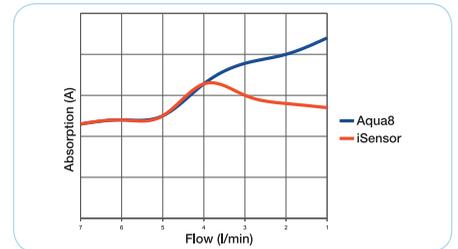

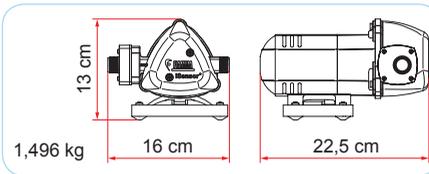

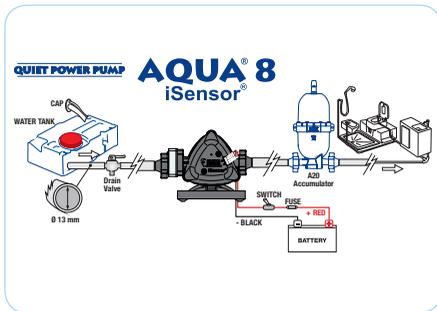

The vehicle water system has less pressure, and water consumption is reduced, thanks to the constant output flow of water at low flow rate as well. Silent operation.

Excellent quality-price relation.

Similar characteristics like Aqua 8.

With electronic flow regulator

E 24 10R-030558

Aqua 8 iSensor: reduced consumption !

## A20

With A20 you can save up to 28% of energy!

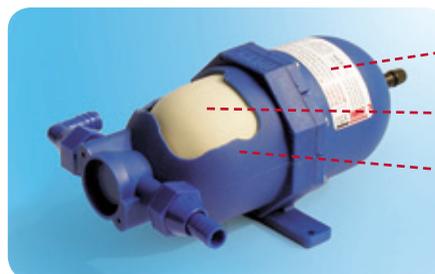

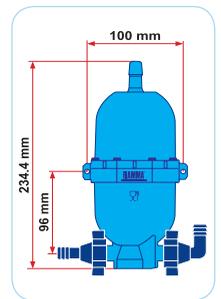

### The universal expansion tank.

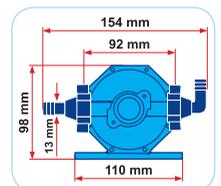

Ideal addition to the AQUA 8, previous models and all other types of pressure switch pumps (for example Shurflo and Flojet). The new expansion tank eliminates the pulsating operation of pressure switch pumps and supplies a constant flow of water in the required quantity. It extends the life of the pump and boiler and cuts water consumption.

The internal pressurized diaphragm provides a smooth, surge-free flow of water.

The A20 can be dismantled for diaphragm repair and checks. It is precharged at 0.9 bars (13 psi) but it can be charged with the special valve with a normal compressor so it can be adapted to all pressure switch pumps.

- Pressure chamber
- Membrane
- Water tank

# FIAMMA LED

# LED

Range of led with low consumption

New range of Fiamma LED that allows you to effectively illuminate your camper with low consumption. 5 mm Super Bright Led, compact dimensions and big power. The duration of one led is over 25.000 hours that is the same as 25 years of standard use in a motorhome.

Minimum heat dissipation that means safe use in motorhome and caravan with no danger of overheating.

LED with an elegant colour which provides a wide band illumination, but with low consumption and cost.

You can use it with the comfortable and cheap LED dimmer that allows you to regulate the light intensity according to your needs: high for a nice reading and low for a romantic dinner.

Available the RGB colour version as well to create the best "ambience" in your motorhome depending on the moment of the day and your mood.

Complete with remote control RGB that allows you to select colours and functions.

## RAFTER LED

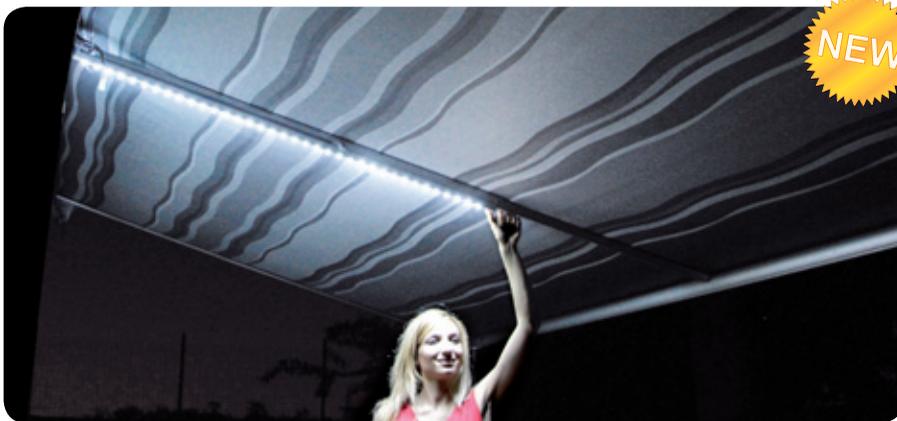

Utility Model 20 2009 005 039.4

Innovative design telescopic Rafter LED with 36 strong and brilliant LED lights made of solid anodized aluminium. Suitable for most of the box awnings for motorhomes on the market. Standard delivered with hooks with electric connections to fix on the awning F45 S and F45 Ti L (for F65/F65 S available the optional kit, item No. 98655-877): you only have to click into position and the lights come on as if by magic. The Rafter LED also includes a switch for easy switching on and off. LED lamps of 25 mA grant you an powerful white light in the middle of the awning, above the table, without overheating and with low consumption. Isolated for external use. The Rafter LED can be placed in different positions. It is possible to install more than one Rafter LED.

Dimensions: Variable Length (142-265cm). Besides the electrical connection to the installation of the motorhome where you must drill the vehicle, you can use the 5 m. supply cable with plug for connection to the lighter socket.

Item No.	
98655-850	

## RAFTER LED CS

Utility Model 20 2011 051 105.7

Similar to the RAFTER LED for F45, but especially designed for installation on Caravanstore and F35 Pro awnings.

Complete with spring patented terminal to be easily installed when the awning is open.

Besides the electrical connection to the installation of the motorhome where you must drill the vehicle, you can use the 5 m. supply cable with plug for connection to the lighter socket.

Item No.	
98655-902	

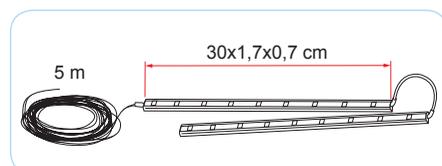

# LED F45 - F65 - ZIP

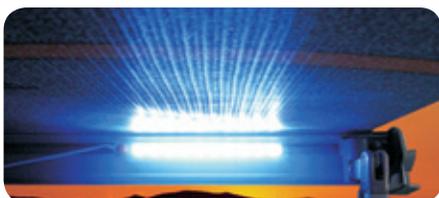

## AWNING ARMS LED

LED lighting system composed by 4 LED light kits mounted on a proper support easily attached to the case awning arms. Its compact dimensions allow to keep it mounted, also during the closing of the awning. Complete with supply cable of 5 mt for a rapid connection. On the F45 S, F45 L and F65 S the cables can be installed inside the arms; on the F65 the cables are attached to the arm rails using the optional self-adhesive Kit Cables Rail. Each group of lights contains 9 LED lights, which are isolated for external use. Low consumption, no heating. Easy mounting. Dimensions of each lights kit: L30xW1,7xH0,7cm.

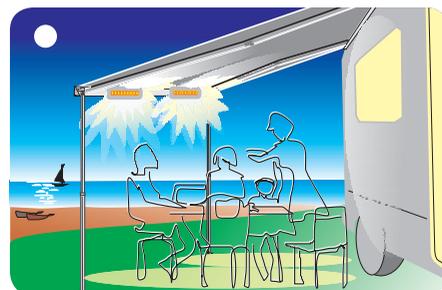

Item No.
98655-849

## KIT AWNING LED

Lighting system to be installed on F45 and F65 awnings. It is composed of two 10 LED lights, low consumption, 12V power supply cable 5m long. Easy joint installation by a simple pressure on the front bar. Also fits previous awning versions.

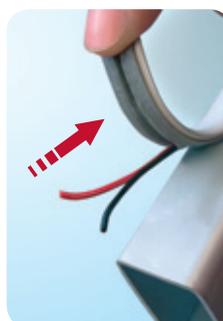

German Utility Model 202008011460.8

Item No.

RF Controller

NEW

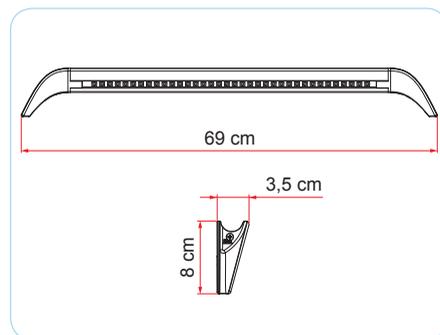

## LED AWNING LIGHT GUTTER

Innovative version of the classic Fiamma Led Awning Light: external door light.

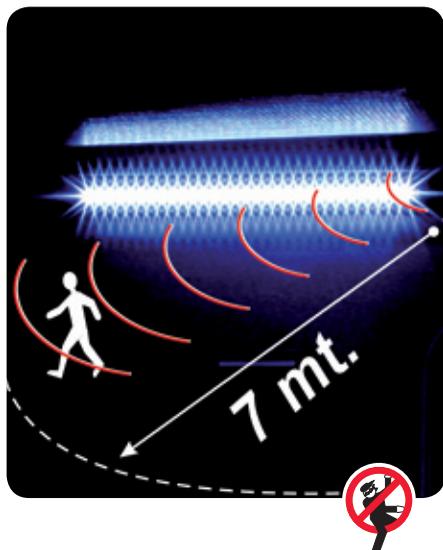

The new version has the terminals and the hollow of the central body with the shape of a drip moulding, ideal to solve the annoying problems of the rain that drips above the door.

Dimensions: 3,5 x 8 x 69 cm.

Item No.	
98655-607	

# LED

## LED SENSOR DOOR LIGHT

External LED light specially made to be installed on the door of your motorhome or caravan. Similar characteristics like LED Awning Light, but complete with movement and light sensors. It lights up only in the dark as soon as a person gets near it and it keeps on for 60 seconds. Ideal to be installed around the camper to increase security level during the night.

<b>Item No.</b>	
98655-884	

## LED GARAGE LIGHT

Internal LED light for storage compartments and garage facilities. Similar characteristics like LED Awning Light (pag. 144), but complete with switch.

<b>Item No.</b>	
98655-883	

Wall installation

Built-in installation

## LED DIMMER

All Fiamma LED lights can be used with the Led Dimmer, comfortable and economic knob dimmer that allows you to regulate the light intensity according to your needs: high for reading and low for a romantic dinner. Wall (sticks out 6 cm.) or built-in (sticks out 3 cm.) installation. Dimensions : 8x8x4 cm. Colour: white.

### Suitable for:

- Awnings Arms LED
- LED Awning Case
- LED Awning Light
- LED Awning Light Gutter
- LED Rollo Vent 40

<b>Item No.</b>	
98655-569	

# LED

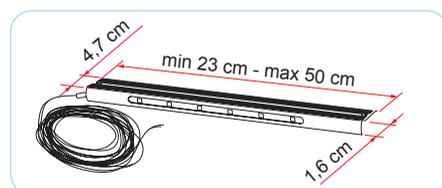

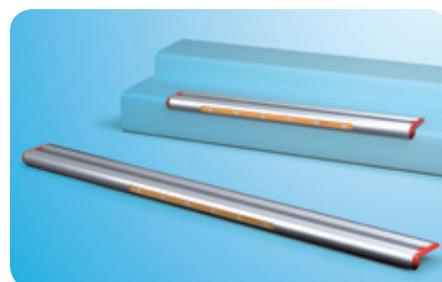

## LED STEP

**LED low consumption lighting system for the entrance of the motorhome, to increase security and stability of steps and step wells**

Made of sturdy anodized aluminium of 50 cm, can be shortened to 23 cm. Complete with 6 12V low consumption LEDs and with wiring for electric connection.

The aluminium L profile can be easily fixed on the border of the step with rivets or SIKA putty.

Suitable for garage facilities and storage compartments as well.

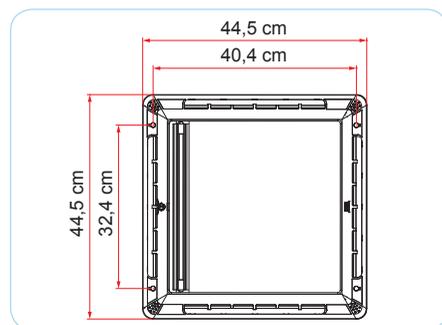

<b>Item No.</b>	
98655-886	

## LED ROLLO VENT 40

Version of the well known Fiamma roller blind system suitable for 40x40 cm rooflights to light up your motorhome. It is made up of 4 lights each one with 9 Led, warm white colour and low consumption.

The Led Dimmer, comfortable and cheap knob dimmer to regulate the light intensity, is optional available (pag. 145). For Rollo Vent 40 features, see page 121.
